How Our Business Works
Simple & Clear — Step by Step

What We Do

We connect trusted verified plumbers with customers who need plumbing work done at home, apartment or construction site.

How We Earn

We take 10% commission from every completed job. Plumber keeps 90%. No job means no cost. Every job means profit!

Everyone Wins

Plumber gets more jobs. Customer gets trusted service. We earn commission. Three people benefit from every single booking!

🧠 How a Plumber Joins PlumbEasy

STEP 1

Plumber Sends WhatsApp Message

A plumber hears about PlumbEasy from a contractor, friend or neighbour. He simply sends a WhatsApp message to our PlumbEasy number saying he wants to register for work.

STEP 2

Our Team Calls Him Back

Our team calls the plumber and asks simple questions — name, area, years of experience, type of work and Aadhaar card. Our team fills the form on his behalf. He does not need to do anything himself!

STEP 3

Interview Call is Conducted

Our interview team conducts a simple 15-minute phone or video call. They ask practical plumbing questions using a scorecard. Only a genuine plumber can answer correctly. No certificate needed!
